Summary

A motivated and skilled recent high school graduate planning to pursue a bachelor's degree abroad. Bringing hands-on experience in Salesforce, proficiency in Python, SQL, and HTML, and a strong academic background. Eager to apply and further develop technical and analytical skills in a dynamic educational environment.

Experience

internship at salesforce

Symplocus Software

May 2023 - Jul 2023 (3 months)

As a Salesforce Developer Intern at Symplocus software. I contributed to developing CRM solutions using trailhead and salesforce, enhancing functionality and user experience. I was involved in automating processes to improve efficiency, and collaborating with cross-functional teams. My role focused on rapid learning, adapting to new technologies, and implementing effective solutions, leading to significant improvements in project outcomes.
